

All are currently invited to become Patron Members of the Eastern US Pipe Band Association. Your early membership will provide continuity in your receipt of our official publication, the VOICE; as well as provide a better communication pathway between our association and your games.

As part of our improved patron membership package, an individual membership will be given.

Patron Membership includes score sheets as described in the Sanction Request Package, address labels (if required), and all other necessary documents required for sanctioning.

Branch affiliation will be the same as the branch providing your monitors.

Helen Harlow, EUSPBA Sanctioner
24 Highlander Drive
