

"The March Set for grade 5 shall be defined as six to eight parts of March music, simple time, no time limit. The list of tunes provided for each grade is strongly recommended, but not required. The March Set should contain tunes that by tradition are considered marches (such as written in time signatures 2/4, 3/4, and 4/4) played in quick time. The March Set shall not contain bridges or reprises. The music should be structured traditionally i.e. 2/4 marches-8 bars/16 beats per part repeated, 4/4 marches 8 bars/32 beats per part not repeated, 3/4 marches 8 bars/24 beats repeated. The March Set is to include a traditional attack of two three pace rolls, with the chanters sounding E on the seventh beat.

Marches are to be played as written, and if a part is written with repeats, the repeat does not count as an additional part. So a March Set could consist of 6 parts with nothing repeated, 8 parts all repeated, or anything in between, as long as the tunes are played the way they were written. Additionally, other time signatures of non-compound time can be included, such as a 5/4. Compound time signatures of 6/8, 9/8 and 12/8, or any other time signature where the beat is divisible by 3, are not permitted."
